It is with immense pleasure that, I recommend Ms. Pooja Kumari, as a prospective student for graduate program. Ms. Pooja was introduced to me as a Junior Intern at **Digital Task Force, Pune, India** while she was undergoing the Summer Internship Program. The newly recruited interns were under my supervision and she happened to be one of the interns who put extra efforts for completing the assignments and possessed constant yearning for learning new tools.

Digital Task Force, a cyber-laboratory, working to enhance the security infrastructure for private networks and monitoring the traffic while constantly updating security protocols. She displayed her research skills while she assisted me in working on two legal defamation cases filed with Pune Police, related to a famous social networking platform, and encountering data theft possibility of a manufacturing unit between April 3 to June 30, 2017.

Ms. Pooja is a resourceful, creative, and solution-oriented person who was frequently able to come up with new and innovative approaches to conclude the assigned tasks. She led the team that included her peers, and she also worked effectively as a team member under the direction of her seniors. Ms. Pooja co-authored a manuscript titled '*Defamation on Social Media Networking and Threats to Data*'.

During her internship, she demonstrated good work ethic while maintaining discipline and interpersonal skills. She successfully completed the outlined scope of work within the stipulated time. Having identified the potential, I would strongly recommend Ms. Pooja as a credible candidate for your program.
